Presidents Message:

Fellow Anglers:

I just got back from a non-fishing trip to the East Coast last night (luggage came today though). It is so nice to get back to the high desert, and some fishing. One thing, they do have lots and lots of trees in New England.

Many thanks to all those who helped put on the Free Fishing Day last month. What a great morning for the kids! Now comes our BIG EVENT - the **Annual Fish Fry** July 18th. Encourage your friends and guests to come to Fort Rock Park 11-2 for that great barbeques trout. Our procurement people have been working buying and buying food to make sure we will not run out this year. To put on this event, we will be contacting many of you - It takes about 70 people to put this event on. Please consider helping when called, or contact me directly to volunteer.

Mark your calendars for the Angler Picnic at Fall River August 20th.

For those that attended the Diamond Lake trip in June, we had just about everything: challenging fishing, nice fish, rain, wind, sun, **mosquitoes**, and thanks to Rod Juranek, some of the best pulled pork ever. It was a fun trip, albeit a little on the damp side. Our annual trip to East and Paulina Lakes in July - see article on this in the newsletter.

Dave Hughes spoke at our meeting in June on trout tactics and also put on just a fantastic seminar. It was a great opportunity to learn from one of the masters of the sport.

In short, it was a busy month with more to come. After all, it is summer time and the living is easy! I will see you at the Fish Fry a well as on the water.

SRA First Annual Frog Fest: Ribbit, Ribbit

Leave me alone please.
I am a Spotted Frog.

Get your heavy duty fishing gear ready for the first annual Sunriver Frog Fest at Aspen Lake on Monday, July 13th. We will meet Jay Bowerman, the Sunriver Nature Center's Principal Researcher, at the Nature Center at 10:00 a.m. Jay will explain where and how to find bullfrogs and how to distinguish them from spotted frogs. Catching the bullfrogs will be our task. According to Jay, bullfrogs are very wary and can be more of a challenge to catch than brown trout.

Recommended gear includes a heavy duty fly rod or spinning rod. The rod should be fairly long so you can flip the fly or lure out in front of the bullfrog. Your leader or line should be strong enough to lift a bullfrog that can weigh up to several pounds. You can bring your favorite selection of flies or lures or just use a strip of red cloth.

Please contact Marv Yoshinaka at 593-5461 if you're interested in this new challenge or if you have any questions about this project.

Hey Angler. Catch me if you can. Heh! Heh! Ribbit, Ribbit.

Diamond Lake Outing Picture Page:

The gang waiting for dinner to cook and be served.

Please Lord, let at least one of us catch a fish today.

After a long wait, the dice finally started to roll.

That dang fish went down my shirt. Where the heck is he?

My old 1950 Brownie Hawkeye took better pictures than this thing.

July Outing and Campout: Hot Springs Campground July 21 & 22

Come and join the Sunriver Anglers at our fourth annual Fish N' Camp outing at the Hot Springs Campground which is located directly across from the Hot Springs boat ramp on EAST LAKE. Come as soon after noon as possible on Tuesday, July 21, 2009. Check out time is 2:00 PM on Thursday, July 23, 2009. We hope you can join us for all of the outing, but if you cannot stay the whole time, plan to spend part of the time fishing with and getting to know your fellow club members and their families. The campground can accommodate tents, trailers and other recreational vehicles.

In addition to the clinic on still water fishing East Lake which begins at (TBD) AM on Wednesday the 22nd we will have a group potluck that evening and an easy 7 mile hike around Paulina Lake that afternoon. Campers who have portable BBQ grills should bring them and share space with others to prepare your own entree (steaks, brats, burgers, chicken, etc.) Each family should provide a salad or vegetable. Hors d'oeuvres and desserts are also welcome. Bring your own plates, silverware and drinks. Members and families who do not wish to camp are encouraged to come up (its only 20 minutes from Sunriver) for the day on Wednesday to take part in the activities, especially the potluck. The Paulina Lake hike will leave the Hot Springs Campground at 1:00 PM. We will be gone about three hours, so wear comfortable shoes and bring a water bottle. Bob Kempf will lead the hike.

Fishing can be from boats, individual floating devices and/or from shore. Rental boats are available from the East Lake and Paulina Lake Lodges on their respective lakes. You will need a parking permit outside the campground. You can use a Golden Age Passport, a Golden Eagle Passport, a NW Forest Parking Permit or daily pass which you purchase at either the entrance kiosk or the Visitor Center.

There will be an assessment of \$10 per site per night to help defray the total cost of the group camp which the club has already paid. Even though we passed out a sign up sheet at the last club meeting please either call Bob Kempf at 593-5831 or Mal Murphy at 593-2641 or email Bob at skempf3546@yahoo.com to let them know if you plan to come.

Attention All Angler Auction Solicitor Volunteers:

If you have any auction items for the Fish Fry, they need to be turned in to Jack or Doug by Monday, July 13th. Time is getting short so please get them in quickly. Thank you.
